

GRACE PENG

UX Designer

ABOUT

Data-driven, detail-oriented and flexible, Grace ensures her work is high quality and meets necessary standards. Her client-centered background and passion for hearing people's stories helps her weave the user's viewpoint throughout the production process.

EXPERIENCE

June 2022 - Present

Product Designer - Interapt (CVS Engagement)

Working in cross-functional agile teams within the Enterprise Product Acceleration lab to design and produce cloud-based enterprise software to be used in internal business units across CVS using the Human Centered Design process from end to end

Dec 2019 - Jan 2022

Public Health Nutritionist - City of Chicago

Performed client-led nutrition assessments to determine risk factors in order to provide individualized education and work with clients to develop personalized goals

Apr 2018 - Dec 2019

Nutrition Coordinator - Catholic Charities

Monitored government-funded food programs at 3 locations and facilitated quarterly Food Safety & Sanitation workshops and nutrition workshops for 50 attendees

EDUCATION

2022

UX/UI Design Immersive Bootcamp - Interapt

2015

M.S. in Nutrition Science - University of Illinois

2013

B.S. in Human Nutrition - University of Illinois
